To Whom It May Concern,

This letter serves as my cover letter in applying for the position of “Product Specialist/Sales - Eubank”, as found on www.indeed.com.

I am currently going through a career change. After receiving my Masters Degree in Mathematics, I worked mostly in the educational field as a University Professor and College Instructor. I have been working toward a career shift for the last few years in response to fundamental changes all academic institutions are undergoing nationwide. I am sort of an old-school teacher that would rather teach my students HOW to think than WHAT to think, and it was becoming harder and harder to adhere to my morals and be a college instructor at the same time. I retired from teaching last year and have been looking for a new career to start. When I came across the listing for “Product Specialist/Sales - Eubank”, I applied immediately because I am excited about the cannabis industry in New Mexico and would like to be a part of it in some way. I have been a medical cannabis patient for five years, so I am very familiar with the dispensary culture and how it works, in general.

I look forward to arranging an interview if possible. Thank you for taking the time to look over my credentials and consider my candidacy.

Sincerely,

Kaylee Robert Tejada
